Guidelines for Contributors

Articles for publication in the journal should be printed, double-spaced on one side of A4 size paper with enough margins at both sides. An article should not be more than 10,000 words except review articles and short notes. Review articles should not be more than 5000 words and short notes should not be more than 3000 words.

The author-date method of referencing minus the comma should be adopted within the text, e.g. (Karim 1978). The page number(s) should be separated by a colon (Karim 1978:3) and inclusive page numbers by a hyphen (Karim 1989: 3-14). When citing more than one author, entries should be chronological with works of different authors separated by a semi-colon (Khan 1965; Karim 1978).

Footnotes, if any, should follow the main text of the paper, and should be numbered serially in the sequence in which they are referred to in the text (where numbered superscripts should be used). References should be cited following the described style:

Footnotes: Bertrand Russell, *Unpopular Essays*, (London, Unwin Paperback, 1990), p. 138. **Books:** Aziz, K. M. Ashraful. 1979. *Kinship in Bangladesh*. "Micro-credit Initiatives for Equitable and Sustainable Development: Who Pays?" *World Development* 27(1): 67-82.

Tables should be numbered serially with appropriate headings. Artwork for maps, figures and charts should be provided separately. Use single quotation marks while quoting sentences or a single word/phrase, and double quotation marks for use within single quotes. Quotations of more than 50 words should be separated from the text and indented. Use universal 's' and British rather than American spellings (colour, not color).

Numerals from one to nine should be in words, and 10 and above in figures. However, the following should always be in figures: (a) distance-5 kms; (b) age -23 years-old; (c) per centage-7 per cent; (d) centuries-11th century; (e) years-1700s.

Authors must provide their names, designations, official addresses and e-mail number with their papers. Only papers, which are not being considered for publication elsewhere and have not been published earlier, will be entertained. Author(s) are required to send a declaration to this effect. The declaration should contain the following: The work submitted has been written by him/her; s/he takes public responsibility for the content of the paper where the content of the paper has not been published before in any referred scientific journal and s/he accords consent to the Bangladesh Sociological Studies (BSS) to publish the paper. The declaration should be signed putting name and address.

If a paper is accepted for publication, the author(s) will be required to send the soft copy of the full text of the paper, including references, tables, charts and maps.
